1. Whereas, the State Division of Highways has determined to construct or improve as a County Highway with eighteen feet of Bituminous Macadam Penetration Method Pavement such portions of the highways hereinafter described in Par. 2, therefore, be it

2. Resolved, that this Board pursuant to Article Six of the Highway Law, requests that the plans for the improvement of the highways as described in this paragraph, be modified as provided in paragraph 3, viz: Beginning at the west of County Highway No. 351 at Benton Corners, northerly, northeasterly, easterly and westerly to the east end of County Highway No.______ having a total length of 22274+ feet as shown on reverse side of this sheet.

3. Resolved, that this Board requests that the aforesaid highway between Stas, 172+05 and 202+88+ be constructed of the classes, alignment, lengths and widths of pavement indicated in the following table. The said Board hereby agrees that the additional cost of same, over the Engineer's Estimate for the original planned alignment for the roadway, be and hereby is a charge upon said County as provided by Section 138-b of the Highway Law.

Description of Alignment: Beginning at Sta. 172+05, thence on a tangent to Sta. 180+35, thence curving to the left or southerly with a radius of 294′ to Sta. 182+22, thence on a tangent to Sta. 183+51, thence curving to the right or northerly, with a radius of 294′to Sta. 186+37; thence on a tangent to Sta. 186+62, thence curving to the left or southerly with a radius of 294′to Sta. 188+59; thence on a tangent to Sta. 188+96; thence curving to the right or northerly with a radius of 294′ to Sta. 191+68; thence on a tangent to Sta. 195+60; thence curving to the right or northerly with a radius of 370′ to Sta. 196+71; thence on a tangent to Sta. 199+22; thence curving to left or westerly with a radius of 302′ to Sta. 202+88. This alignment to be substituted with the necessary increase in retaining wall heights for the alignment as originally planned and approved, to avoid the including of the so-called "Under Cliff Drive" (a private road) within the necessary land taking limits; thus avoiding excessive right-of-way costs to the County of Ulster.

4. Resolved, that where this resolution provides for widening the pavement to curbs, that this pavement shall be extended back on intersecting streets to the street line with a width on street line to fit curb lines on intersecting street.

5. Resolved, that this Board agrees to have sewer, gas and water mains and connections therewith laid in said highway prior to the date of the award of the contract for the improvement.

Mr. Dusinbere offered the following:

Whereas, on the 14th day of July, 1927, the Board of Supervisors of Ulster County, adopted a resolution approving the maps, plans, specifications and estimate of cost for the improvement by State Aid of Gardner-Kerhonkson, Part 1, C. H. F. A. No. 451-a and appropriated the County's share of the estimated cost thereof; and

Whereas, a communication has been received from the State Division of Highways notifying this Board of Supervisors that the plans have been revised as to grade and alignment between Stations 172+05 and 202+88 to avoid the so-called "Undercliff Drive" (a private road). The increased cost due to said change to be borne by the County of Ulster as extra work under the provisions of Section 138-b of the Highway Law.

Resolved, that the original maps, plans, specifications and estimate of cost as revised to conform with the above described modification be and are hereby approved; and the resolutions heretofore adopted by this Board in regard to said Road No. F. A. P. 451-a are hereby made applicable to said revised maps, plans, specifications and estimate of cost.

It is Further Resolved, that the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Division of Highways, and moved its adoption.

Adopted by the following vote:

Ayes, 30; Noes, None.

Mr. Dusinbere offered the following:

1. Whereas, under Section 138-b of the Highway Law the Board of Supervisors of any County may by resolution, petition the State Department of Public Works, Division of Highways, to modify the plans for the improvement of a County Highway to provide for a width greater than originally contemplated by the said Division, or for a different manner of construction, the excess cost occasioned by such modification to be borne by the County; and

2. Whereas, the Board of Supervisors of the County of Ulster did on the 16th day of November, 1927, adopt such resolution in regard to the improvement by State Aid of the Gardiner-Kerhonkson, Part 1, County Highway with Federal Aid, Project 451-a.

3. Whereas, the State Department of Public Works, Division of Highways, has prepared plans, specifications and estimates for the construction of a Highway known as the Gardiner-Kerhonkson, Part 1, County Highway with Federal Aid, Project 451-a Ulster County; and

4. Whereas, in the construction of this highway it would be of benefit and advantage to the County of Ulster between approximate Station 172+05 and Station 202+88, to have the alignment revised in such manner as to avoid the including of the so-called "Under Cliff Drive" (a private road) on the property of Daniel Smiley, within the limits of the necessary right-of-way for the proper construction of this highway; and

5. Whereas, this change in alignment will increase the cost of construction Thirteen Thousand Four Hundred ($13,400.00) Dollars, as determined by estimates of the Division of Highways, in excess of the cost of construction on the lines and grades as originally planned by the Division of Highways and approved by the Board of Supervisors of Ulster County; and

6. Whereas, this sum of Thirteen Thousand Four Hundred ($13,400.00) Dollars appears to be a lesser amount than the damages for right-of-way, after being viewed by the Right-of-Way Committee, together with the County Superintendent of Highways of Ulster County; now,therefore, be it

7. Resolved, that said plans, specifications and estimates be and the same are hereby approved.

8. Resolved, that there is hereby appropriated and made immediately available the sum of Thirteen Thousand Four Hundred and 00/100 ($13,400.00) dollars being the amount required of the County to pay for such excess cost including a proportionate charge for engineering which is to be borne by the said County, as determined in accordance with the provisions of Section 138-b of the Highway Law. And the County Treasurer of said County is hereby authorized and directed to pay such proportion of the amount so appropriated as may be required to pay for such excess, upon the requisition or draft of the State Department of Public Works, Division of Highways; and if there are not sufficient funds in the County treasury with which to pay such requisition or draft, the County Treasurer of said County is hereby authorized and empowered as provided by Section 142 of the Highway Law to borrow all or part of said sum on the obligation of the said County issued by him for, on behalf of and in the name of the said County and acting for and on behalf of said County.

9. Resolved, that the Clerk of this Board is hereby directed to forthwith transmit a certified copy of the foregoing resolution to the State Department of Public Works, Division of Highways.

Over under the rule.

To the Honorable
The Board of Supervisors,

Gentlemen:

It has been clearly demonstrated to me in the recent storm that the machinery owned by the County of Ulster is not sufficient to meet the requirements of the existing conditions. It is therefore requested that in order to meet this condition with greater efficiency and dispatch that there be delivered to this Department two (2) additional Linn Tractors and three (3) Walters Snow Fighters.

This additional equipment is not only needed to meet present conditions but to help take care of the automobile trucks which were allotted this County by the United States Government as excess war material and such trucks are beginning to become so badly in need of replacements that they are becoming a burden.

Very truly yours,

J. F. LOUGHRAN,

Dear Sir:

In connection with the reconstruction of the Kingston-Ellenville, Part 1, County Highway No. 230, Ulster County, the present bridge structures at stations Nos. 41+37 and 346+55.8 in the town of Marbletown, have been condemned by official order of this department dated

February 16, 1927.

Mr. Henry R. DeWitt, Clerk,
Board of Supervisors,
Ulster County, Kingston, N. Y.

Dear Mr. DeWitt: Attention of Mr. Young, Chairman of the Committee, Board of Supervisors.

Enclosed is a copy of the inspection recently conducted by the members of this Department of the proposed site of the new Ulster County Tuberculosis Sanatorium for your information and file.

Very truly yours,

ROBERT E. PLUNKETT, M. D.,
Director, Division of Tuberculosis.

REPORT OF INSPECTION OF PROPOSED SITE FOR NEW ULSTER COUNTY TUBERCULOSIS HOSPITAL.

The inspection of the property known as the "Van Etten Purchase" was made on February 14, 1927 by Dr. Lyman I. Thayer, Associate Director, Division of Tuberculosis, State Department of Health, in company with Mr. Earl Devendorf, Associate Director of the Division of Sanitation of the Department.

According to plans, we met Judge Joseph M. Fowler, President of the Board of Managers of the present sanatorium, and visited the site.

The other members of the party were Mr. Young, Chairman of the Committee of the Board of Supervisors, Dr. L. K. Steele, Superintendent of the Tuberculosis Hospital, Dr. Mary Gage-Day of the Board of Managers of the present tuberculosis sanatorium, Mr. James F. Loughran, County Engineer, Mr. Myron Teller, Architect, and Mr. Henry Darrow, Assistant Superintendent of Water Supply.

The proposed site is just within the limits of Kingston and is known as the "Van Etten Purchase." There are two tracts under consideration, the smaller one containing about 40 acres, and another section which may be added to this, making a tract of about 150 acres, partly within the city and partly beyond the city line. The part to be used as the immediate hospital site is to be within the city limits at the end of Marius street, and also can be reached by the Boulevard.

The outline of this section is roughly octangular. It has an elevation ranging from 190′ to 364′. The latter elevation is the foundation of a residence which was burned just prior to completion. The approach from the Boulevard is up a fairly sharp grade. There apparently has been a narrow roadway made to reach the residence.

The slope of the ground is in a easterly direction up to the "foundation", which is at the highest elevation. Here there is a narrow ridge running in an arch, the center of which faces about due south. In front the ground drops off rather abruptly, and has a small growth of trees. The view from this point would probably be quite commanding on a clear day, but unfortunately no distinct view was possible because of a snow storm. Slight protection could be obtained on the north from the small trees located there, but an effective windbreak, consisting of rapid growing trees, could probably be obtained a little further away for immediate protection, and evergreens could be planted for future and more adequate protection.

This section of the city, we were informed, had not changed in character and showed practically no growth during the past 25 years. There is no evidence of any likelihood of manufacturing plants or industries moving into this section as it is about a mile or more from the railroad station.

The possibility of any smoke nuisance developing in the neighborhood seems quite remote. The particularly desirable feature of the site is its accessibility.

It is understood that the city water supply and sewage systems would be extended to supply the hospital.

Mr. Devendorf has also made a report of this inspection.

Dear Mr. DeWitt:

Enclosed is a copy of a letter supplementing the report of our inspection on the site for the proposed new County Tuberculosis Hospital.

Very truly yours,

ROBERT E. PLUNKETT, M. D.
Director, Division of Tuberculosis.

February 18, 1927.

Honorable Joseph M. Fowler, President,
Board of Managers,
Ulster County Tuberculosis Hospital,
293 Wall Street, Kingston, N. Y.

Dear Judge Fowler:

Supplementing the report of our inspection of the site "Van Etten Purchase" for the proposed new Ulster County Tuberculosis Hospital may

I say that inasmuch as the law does not specifically require the approval of the State Commissioner of Health for a site for a tuberculosis hospital located within a city, our report did not include such an approval.

The law does provide, however, that the State Commissioner of Health shall approve the location of buildings, etc. With this in view may I say that Dr. Nicoll, the Commissioner deems the "Van Etten Purchase" which was inspected by members of this department, a suitable site for a tuberculosis hospital buildings and their adjuncts on this site.

Very truly yours,

ROBERT E. PLUNKETT, M. D.,
Director, Division of Tuberculosis.

STATE OF NEW YORK
DEPARTMENT OF CHARITIES

Albany, September 6, 1927.

Mr. Joseph F. Scott, Chairman,
Ulster County Board of Supervisors,
Wallkill, N. Y.

Dear Sir:

The State Board of Charities has been much concerned about the amendment to the Child Welfare Law enacted by the 1927 Legislature which permits a Board of Child Welfare to grant an allowance to a mother whose husband has been discharged from a tuberculosis sanatorium and remains at home under medical care and treatment approved by the medical officer of that sanatorium, when that officer believes it to be to the father's best interest to remain at home. Situations of this kind present great difficulties and the Boards of Child Welfare must, in the interest of the children, give them special attention, both before and after an allowance is granted. It is because of this difficult and dangerous situation that the State Board of Charities is recommending the most careful consideration of such cases by the several Boards of Child Welfare. To this end, a letter has been sent to each Board urging care and caution in making these grants. A copy of this letters is enclosed.

Inasmuch as your work and that of the Board of Child Welfare are so closely allied, your friendly cooperation and understanding interest will help the Board of Child Welfare in your County to carry out the purposes of this statute so as to protect the best interests of the children involved in these cases.

Very sincerely yours,

CHARLES H. JOHNSON, Director.

Henry R. DeWitt, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

Plans, specifications and estimate of cost for the improvement of the Gardiner-Kerhonkson county highway F. A. project 451-A, Ulster County, have been revised as to grade and alignment between station 172+05 and 202+88 in order to avoid the so-called "Undercliff Drive" (private road), the excess cost due to this change in line and grade at this point to be borne by the County of Ulster as extra work under Section 138B of the highway law. The excess cost for this extra work is $13,400. I am enclosing herein in duplicate resolutions providing for the approval of the plans, specifications and estimate of cost as revised by your board and the appropriation of the sum of $13,400 for the extra work and increase cost due to this change in line and grade. Kindly present these resolutions together with preliminary resolution which I am also enclosing at the first meeting of the Board of Supervisors and if adopted, execute the plans in the place prepared and return a certified copy of each of the three resolutions to this office as soon as possible.

COMMISSION FOR THE BLIND

November 4th, 1927.

Mr. Joseph F. Scott, Chairman,
Ulster County Board of Supervisors,
Court House, c/o Mr. Henry R. DeWitt, Clerk,
Kingston, N. Y.

My dear Mr. Scott:

In accordance with the provisions of Chapter 185, Laws of 1922, the New York State Commission for the Blind hereby requests that the Ulster County Board of Supervisors hold in reserve an appropriation of $2,000, for the purposes of the Relief Measure for the Needy Blind. This recommendation is based on Relief Allowances now being paid by your County Board and a conservative estimate on behalf of possible eligible applicants during the coming year, 1928.

With this formal request, we submit a statement giving the present status of Relief in Ulster County, which we know will be of interest to the Board of Supervisors.

We very much appreciate the generous cooperation of the Ulster County Board of Supervisors, and submit the above request with our continued assurance of careful investigation and recommendation as additional applications are received.

Very sincerely yours,

GRACE S. HARPER,
Executive Secretary.

THE CHILDREN'S VILLAGE
Incorporated

Dobbs Ferry, N. Y., November 7, 1927.

Clerk of the County Supervisors,
Ulster County, Kingston, N. Y.

Dear Sir:

In common with others of the child caring institutions, we find the cost of maintenance for our children has increased greatly in the past few years; in fact the actual cost of maintenance, with all that we are giving the children in the way of academic vocational training and special psychiatric study has brought our expenses up to an average of around $12 per week, or $600 per year.

It is true that a proportion of this amount must be raised through private subscription from benevolent contributors, from Foundations, etc., which makes it possible to do the character of work which we are carrying on here, and which is receiving so much commendation from all over, and from which your charges are receiving the direct benefit.

Therefore the Board of Directors of the Children's Village, at their meeting in September, decided it would be impossible to carry on this program at the present low rate of $8 per week for board and maintenance, which included practically everything for the child, with the exception of clothes, which he is required to bring with him, and extraordinary medical care and attention.

Consequently, beginning January 1, 1928, with our new budget, it is necessary to advise you that the rate of maintenance will be $10 per week, or approximately $42.60 per month, and from that date all accounts will be billed accordingly.

Very truly yours,

LEON C. FAULKNER,
Managing Director.

STATE OF NEW YORK
DEPARTMENT OF TAXATION AND FINANCE

Albany, November 10, 1927.

Mr. Henry R. DeWitt, Clerk,
Board of Supervisors,
Kingston, New York.

My dear Mr. DeWitt:

While many other matters are of extreme importance in relation to taxation, none is of more importance than the proper equalization of assessed valuations.

The State Tax Commission is required by law to make investigations and to establish rates of assessment for equalization purposes for each tax district of the state. In counties, Boards of Supervisors or equalization commissions are also required to establish such rates. For years it has been the policy of the Commission to furnish to Boards of Supervisors, to county equalizations commissions in those counties having such commissions, the rates established by this Commission for the tax districts in each particular county.

For this year, the Commission has fixed for the tax districts in your county the following rates:

City of Kingston	69%
Town of Denning	50%
Town of Esopus	32%
Town of Gardiner	40%
Town of Hardenberg	40%
Town of Hurley	40%
Town of Kingston	45%
Town of Lloyd	45%
Town of Marbletown	58%
Town of Marlborough	30%
Town of New Paltz	25%
Town of Olive	30%
Town of Plattekill	28%
Town of Rochester	37%
Town of Rosendale	35%
Town of Saugerties	58%
Town of Shandaken	50%
Town of Shawangunk	80%
Town of Ulster	27%
Town of Wawarsing	25%
Town of Woodstock	40%

Necessarily, these rates were established before the 1927 assessment rolls were completed, at least, this is true of all towns and most cities and villages. If in 1927 material changes have been made in the basis of assessment in any town, village or city, knowledge of which was not brought to the attention of this Commission before these rates were fixed, such changes should be considered by your Board of Supervisors, or by the equalization commission of your County, before your County equalization table is compiled for this year.

It is pleasing to this Commission that your rates and its rates are in exact accord. It is the earnest desire of this Commission to continue this condition. There can be but one set of correct rates, and it is believed that by co-operation, by combining forces, as it were, better rates can be developed than will be obtained if lack of harmony and unity of purpose exists. This Commission will welcome the opportunity to consider with your equalization committee, or your equalization commission, either in Albany or in your county, this subject before the 1927 equalization table is completed.

Very truly yours,

STATE TAX COMMISSION,
By DANIEL R. SPRATT,
Deputy Commissioner.

Assuring you of our deep appreciation for the substantial assistance rendered by your honorable Board in previous years and trusting that you may see your way clear to favor us at this rather critical junction in the life of our hospital, we beg to remain,

STATE OF NEW YORK
DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS

Albany, N. Y., December 16, 1927.

Mr. Henry R. DeWitt, Clerk,
Board of Supervisors,
Kingston, N. Y.

Dear Sir:

In connection with the construction of Bridge No. 3 on the Ulster-Delaware, Pt. 2, County Highway No. 117 at Station 333+13, R. C. No. 1527, it has become necessary to enter into a supplemental agreement with the contractor for increased quantities of earth and rock excavation, Portland cement and second class concrete in order to properly complete said structure, the increased cost of which creates a deficit in the funds heretofore provided by the County of Ulster and the State for this bridge to the extent of $1,500.00, of which the State will be required to pay 65% or $975.00, the County of Ulster, 35% or $525.00. The increase in the quantities of work necessary to properly complete this structure are provided for in a supplemental agreement dated September 21, 1926, on this contract, and said agreement has heretofore been approved by the County Superintendent of Highways and the Chairman of the Board of Supervisors of your County.

I am enclosing herewith in duplicate proposed form of resolution providing for an additional appropriation by your County for your proportionate share of this deficit, and request that you submit the same at the first meeting of your Board of Supervisors and, if adopted, return a certified copy of the same to this office as soon as possible. This additional appropriation on behalf of the County is necessary in order that there may be sufficient funds available to pay the contractor for the work which he has performed in properly completing this contract.

Very truly yours,

DIVISION OF HIGHWAYS,
A. W. BRANDT, Commissioner.
Per H. P. CONDON.

To the Board of Supervisors of the County of Ulster:

Gentlemen:

I have this day made and entered into a contract with the County of Ulster for the construction of a masonry and steel garage on Gage street in the City of Kingston, for the sum of $21,625.00. The contract provides for the giving by me of a bond, conditioned as therein provided, for the sum of $21,625.00. I am desirous of indemnifying the County against loss and guaranteeing the performance of said contract to the fullest extent, but I would prefer, in the place and stead of giving a bond, to deposit with the County Treasurer of the County of Ulster, either cash or a certificate of deposit for the sum of $21,625.00, which shall be held by the County Treasurer, pending the performance of said contract, and which funds may be used and employed by the County of Ulster in case of default by me upon said contract.

My attorney, John W. Eckert, acting in collaboration with the County Attorney, have drafted a proposed supplemental contract and agreement, abrogating the giving of the bond and the deposit as hereinbefore set forth, which I understand will be presented to your Board for action. If it meets with your approval, I would be glad to enter into and execute the contract proposed.

Dated, December 28, 1927.

REPORTS OF SPECIAL COMMITTEES.

REPORT OF COMMITTEE ON HASBROUCK ESTATE CLAIM.

To the Board of Supervisors of the County of Ulster:

Gentlemen: We the undersigned Committee appointed on the 22nd day of November, 1927, pursuant to a resolution duly passed by your Honorable Body in reference to the claim of the Hasbrouck Estate in connection with lands taken for the approach to the Rondout Creek Bridge, respectfully report as follows:

The Commission made an award after the first trial of this case fixing the amount of compensation payable to the Hasbrouck Estate at $71,250. In its report the Commission divided the items of damage into two parts, namely, an item for lands damaged and an item for indirect damages due to the loss to ferry business by reason of the construction of the Rondout Creek Bridge. The then Board of Supervisors directed my predecessor, John W. Eckert, Esq., to take an appeal from said award, which was done, and the Appellate Division of the Supreme Court reversed said award sending the claim back for a new trial before the same Commission. In its opinion the Appellate Division ruled, that no claim could be made for indirect damages by reason of loss of business to the ferry due to the construction of the bridge.

In the second award, which was filed on the 18th day of November, 1927, in the Ulster County Clerk's Office, the Commission makes its report in an entirely different form and finds only one item of damage in the sum of $32,000.

We are advised by the County Attorney that there is serious question as to whether the second award is not absolute and final. The only other question involved is whether or not the award is excessive and this is the only ground upon which an appeal could be taken, granting that an appeal would lie from a second award. In this connection we desire to point out that the County has secured a substantial reduction from the previous award and that it is the opinion of your Committee that the best possible result has been obtained for the County.

This award, or any other award, will carry interest from the date of the taking of the lands in question, which is approximately six years, and at the rate of six per cent per annum. The award will also carry taxable costs and any allowance made by the Court. Your Committee is therefore of the opinion that it is advisible to have an end to this litigation so that interest and costs will not be continually piling up. The Committee feels that it would be a good business proposition for the County to pay the award in question, together with interest and costs or allowance that may be granted and thus terminate this proceeding.

We would further recommend that the County Attorney be therefore directed to move for the confirmation of said report, or join in an application for its confirmation, and that the said award be paid forthwith.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON TUBERCULOSIS HOSPITAL SITES.

February 2, 1927.

To the Board of Supervisors of the County of Ulster:

The undersigned respectfully report that they have examined various properties and sites for Tuberculosis Hospital and in the opinion of your committee, the most available site, all things considered, is the so-called Van Etten property, just off Marius Street and the Boulevard, consisting of about one hundred fifty acres with farm house and barn. The entire property is offered to your committee for $25,000.

For the purposes stated, a parcel of thirty or forty acres would be ample and your committee is offered such parcel, without buildings, for the sum of $12,000.

Your committee feels that the purchase of the smaller tract for the price given is desirable, rather than the purchase of the entire tract.

The property mentioned seems to the committee to be, in every way, suited for the purpose. It is on a good elevation, within the City limits and yet well away from residences. It is of easy access and offers the qualifications required by the State Department.

Your committee therefore recommend that the proper officers of the Board be authorized to enter into a contract to purchase this property, upon the title being approved by the County Attorney.

Respecfully submitted,

REPORT OF SPECIAL COMMITTEE ON KERHONKSON FIRE DISTRICT.

To the Honorable Board of Supervisors of the County of Ulster:

Gentlemen:

We the undersigned, Frederick Davis, Chairman, John D. Rippert and Alfred Markle, composing the Special Committee appointed by the Chairman of the Board of Supervisors of the County of Ulster by and under authority of a resolution duly adopted by the said Board of Supervisors on the 14th day of July, 1927, for the purpose of holding a public hearing upon the petition of certain residents of the Towns of Rochester and Wawarsing, being residents of a proposed Fire district to be known as the Kerhonkson Fire District do respectfully report as follows:

1. That pursuant to the provisions of law a public notice of a public hearing upon the said provisions to establish a Fire District to be known as the Kerhonkson Fire District was duly given by the publication of a copy of the annexed notice and by the posting of 5 copies of said notice in the Towns of Rochester and Wawarsing and that pursuant to said public notice we did hold a public hearing at Mechanic's Hall in the Hamlet of Kerhonkson, Ulster County, New York, on the 27th day of July, 1927, at 8 o'clock P. M. Daylight Saving Time and that the said public hearing was attended by fourteen persons all of whose names are annexed hereto and made a part hereof and all of whom are the owners of taxable real property within the said proposed Kerhonkson Fire District and we did thereupon give all of said persons present an opportunity to be heard and upon a vote being taken by calling the name of each of

said persons and recording their vote with the result that fourteen votes were cast in favor of the adoption and creation of said proposed Kerhonkson Fire District, accordingly we do further report that a majority of the owners of taxable property within the said proposed fire district are in favor of the creation of said Fire district.

2. That the creation of said fire district will be beneficial to the residents of said proposed fire district in that it will afford a more efficient and greater fire protection for the property of the residents of said disrict.

3. That it will reduce the hazard of said property within the district being destroyed by fire.

4. That eventually in the opinion of your Special Committee the Fire Insurance rates will be reduced by reason of the fire protection afforded to the property of the fire district and that by reason thereof the property owners will receive substantial benefits.

5. That the health and safety of the residents of said proposed fire district and of their taxable property will be substantially promoted by said fire district.

Wherefore, your Special Committee hereby respectfully recommends to the said Board of Supervisors that the Petition of the said residents of the Towns of Wawarsing and Rochester be granted and that the necessary action be taken by the said Board of Supervisors for the creation of the said proposed fire district to be known as the Kerhonkson Fire District.

All of which is respectfully submitted.

OFFICE OF THE BOARD OF ELECTIONS OF ULSTER COUNTY.

Kingston, N. Y., January 20th, 1927.

To:
The Secretary of State,
Board of Supervisors of Ulster County:

Gentlemen:

Pursuant to Section 34 of the Election Law, the Board of Elections for the County of Ulster respectfully submits its report for the year 1926.

The work of compiling and publishing the enrollment of voters for the year 1925-1926 constituted our first work of the year. This work was completed during the month of January and a tabulation of the same showed a total enrollment of 25,551 as follows: Democratic 8,690; Republican 16,765 and Socialist 59. The publication of said enrollment was compiled by election districts and distributed to the different county committees, and to those applying for copies thereof. A certified copy of said enrollment was transmitted during the month of February to the Secretary of State, and one such certified copy also delivered to the chairman of the proper County Committee of each party as provided by the Election Law.

PRIMARY ELECTION.

The official Fall Primary Election was held in Ulster County on the 14th day of September, 1926. Petitions for places upon the official Primary ballot were received by your Board up to midnight of the last day for filing the same, and all petitions so filed, were examined and passed upon by this Board.

Your Board pursuant to the provisions of the Election Law, also prepared for and conducted this primary election by publishing notices of such election, together with list of polling places and locations.

Official and sample ballots for the various election districts throughout the County were provided, the totals being 13,775 official and 1,362 sample Republican ballots, and 7,143 official and 743 sample Democratic ballots. All other necessary miscellaneous supplies were also purchased by your Board for use at said primary election.

Your Board canvassed the result of this primary election without additional help and within the time specified by statute, and a complete report of this canvass was duly filed in the office of the Secretary of State.

The total expense of this primary election as conducted through this office amounted to $2,021.42.

REGISTRATION OF VOTERS.

As provided by statute personal registration for the year 1926, was held in the City of Kingston, on October 8, 9, 15 and 16; and non-personal registration, which covers all the remaining portion of the County, was held on October 9 and 16.

The total registration in the County for the year 1926 as compiled by your Board was 44,188, of which 32,168 was non-personal and 12,020 was personal.

Pursuant to the provisions of Chapter 850 of the Laws of 1926, your Board supplied 40,000 copies of the context of Question to be submitted to the voters at the next general election.

Your Board also supplied the other miscellaneous supplies and necessary equipment for use on said registration days.

The Board in the preparation and conduct of said registration expended $622.83.

ABSENTEE VOTERS.

Your Board prepared and distributed the necessary application blanks for those desiring to vote by mail.

There was received by your Board 244 applications for absentee voters' ballots of which 231 were accepted and 13 rejected.

Your Board also caused to be prepared special ballots for absentee voters, which ballots were mailed to all whose applications were accepted, and the majority of which were returned to this office and distributed by your Board to the proper districts for canvass with the other ballots on election day.

GENERAL ELECTION.

For the General Election held on November 2nd, 1926, your Board pursuant to the provisions of the Election Law published notice thereof, and caused lists of nominations to be posted throughout the County. List of nominations was also published as provided by statute.

To properly carry on the General Election this office prepared and furnished 36,400 official and 3,600 sample ballots for General Officers, in addition to other necessary miscellaneous supplies and equipment for the proper conduct of the election, and caused the same to be delivered to the various Town Clerks throughout the County.

Pursuant to the provisions of Chapter 850 of the Laws of 1926, your Board prepared and furnished 36,400 official and 3,600 sample ballots of Questions to be submitted to the voters at said General Election, and also supplied the other necessary supplies and equipment for the proper carrying out of the provisions of said Act.

The whole cost through this office of conducting this General Election was $5,924.53.

Your Board was subsequently in attendance at the official canvass by the Board of County Canvassers, who met pursuant to statute on the 9th day of November, 1926, at 12 o'clock noon, and completed its canvass on November 10th, 1926, at 7:00 o'clock P. M. The result of the General Election as canvassed by the County Board of Canvassers was certified by your Board to the Secretary of State, and certified statements of the determination of the Canvassing Board were duly transmitted by your Board to the county officers elected.

ENROLLMENT OF VOTERS.

The work of compiling the enrollment of voters for the year 1926-1927 was started by your Board on December 2, 1926 and completed on December 23, 1926. The work of printing the enrollment in pamphlet form by districts is now in the hands of the printer and will be ready for distribution during the month of February.

The complete tabulation of enrolled voters showed a total of 24,299, of which there were 8,370 Democratic, 15,871 Republican and 58 Socialist. In addition to the above 5,791 enrollment blanks were returned unvoted, and 100 others were rejected as void, making a grand total of 30,190 enrollment blanks canvassed by your Board.

For this work your Board employed special clerks at an expense of $1,140.00. The work of printing the enrollment not being completed, the cost may only be estimated at approximately the same as last year, $1,954.00.

VOTING MACHINES.

No additional election districts were equipped with voting machines during the past year, and the number of election districts in our County now using voting machines remains the same as of our last report, namely, twenty-one. In the remaining sixty-eight election districts of the County the old style paper ballots are still in use.

It is to be hoped that additional districts in our County may soon be equipped with voting machines, so that we may keep abreast with other localities in providing modern voting faclilities for both officials and voters.

RECEIPTS.

The receipts of this office for the past year amounted to $38.05, of which amount $28.00 was derived from the sale of copies of the enrolled voters, and the balance amounting to $10.05 from the sale of waste paper. All of which moneys were turned over to the County Treasurer and receipts taken therefor.

DISBURSEMENTS.

Your Board is indeed pleased in submitting the summary of the expenses of this office for the year. In keeping with the general policy of retrenchment your Board has endeavored to keep its expenses at the minimum. This is more truly reflected by a comparison of the expenses of this office for the past year with that of the year preceeding.

A summary of the expense incurred by this office for the year 1925 and 1926 follows:

REPORT OF THE ULSTER COUNTY TUBERCULOSIS HOSPITAL FOR THE FISCAL YEAR ENDING NOVEMBER, 1, 1927.

To the Board of Supervisors of Ulster County:

In view of the fact that a crisis exists in the tuberculosis work in Ulster County, it might be well to briefly review the situation.

In response to the national demand for a campaign to control the ravages of tuberculosis, a beginning was made in 1909 in this County by the formation of the Ulster County Committee for the Prevention of Tuberculosis. This Committee instantaneously won popular support and was able to open a camp for the care of tubercular patients in 1909. The same year the Board of Supervisors of Ulster County realized their responsibility in the undertaking and appropriated money toward the building of a hospital and its maintenance.

So great was the need that very soon the facilities of the hospital were taxed in caring for an increasing number of patients. The Board of Supervisors each year appropriated money for carrying on the work. In the last few years the appropriation has reached around $18,000.

The hospital continued to enjoy popular interest and support and the medical profession of Ulster County did a great deal toward starting the institution and supporting it. Around 1909 the State of New York enacted a law empowering each County to assume, through its Board of Supervisors, the care of tubercular patients.

The Supervisors, according to law, appointed a Board of five managers to have charge of the hospital. This Board was to be made up of two physicians, two supervisors and one other.

The Ulster County Tuberculosis hospital building and shacks made a capacity of twenty-two beds for tubercular patients.

With the passing years the original plant became entirely inadequate to fill the needs and, as most of it was of temporary construction, the depreciation of the property made it so dilapidated that at present it is a disgrace to a progressive community.

This has been realized for some time and since 1924 there has been agitation for remedying the situation. Various propositions have been before the Board of Supervisors, but due to change of plans and other causes there have been numerous delays. The organized medical profession through the Ulster County Medical Society has continuously stressed the inadequacy of the present situation and the needs for the future. Popular opinion of the citizens of the County has been back of steps that would lead to a new and adequate tuburculosis hospital. The State has brought pressure to do something about the situation.

At the annual meeting of the Ulster County Medical Society in December, 1926, Dr. Mary Gage Day, who has been intimately associated with the work in tuberculosis since its very beginning, devoted her presidential address to the shortcomings in the tuberculosis situation and to suggestions for improving the same.

A definite step was taken by the Board of Supervisors in 1927 by the purchase of the Kijkuit or Golden Hill property.

A local firm of architects were commissioned to draw up plans, which they did by submitting admirable plans for the erection of a fifty bed tuberculosis hospital upon the site purchased.

Architects from the State Department of Health and from the National Tuberculosis Association pronounced the site and the plans excellent.

Statistics of the Clinical Activities of the Hospital.

Patients in the hospital November 1, 1926	16
Patients admitted during the fiscal year, ending November 1, 1927	25
Total patients under care during the year	41
Patients discharged	14
Patients died	9
Total discharged and died	23
Patients remaining in hospital November 1, 1927	18

Of the patients discharged, 8 were improved, 5 were unimproved, and 1 was non-tubercular.

Of the 41 patients treated during the year 2 were from out of the County and were pay patients, and 39 were from the County and were free patients. A total of 6,774 hospital days' care were given.

The mortality rate of 9 deaths in 41 patients is due to the fact that the hospital receives many patients in the terminal stages of tuberculosis and some of the deaths were within a few weeks after admission. The total of 8 cases signed out improved is encouraging, because in tuberculosis there is great caution in using the word "cured." But in a good number of these 8 cases the disease was arrested and the patients were able to resume in a great measure their former lives.

During the past fiscal year improvements were made to the plant. An inventory of all the equipment and appurtenances was made. The ceiling of the recreation room and the ceilings of the women's pavilion were painted. The beds in the hospital were painted and a great effort was made to clean up the institution. This was rewarded by a paragraph from the report of the State inspector in "the interior of the buildings presented a somewhat better appearance than on previous visits, the walls having recently been washed down. Cleanliness and order were good." Septic tanks for the sewerage were constructed. Additions were made to the depleted household supplies..

In June 1927, Miss May Ward succeeded Miss Le Brun, resigned, as Head Nurse. Due to ill-health, Dr. Leonard Stelle resigned as Medical Superintendent and in July, Dr. Raymond S. Crispell was appointed to this post.

5. Household supplies	559.74
6. Repairs	846.43
7. Other expenses (telephone, stationery, insurance, radio, etc.)	313.06

On November 1, 1927, there was a balance on hand from miscellaneous sources of $59.59 in a special fund.

On November 1, 1927, there was $175.46 in a special "Patients Welfare Fund."

The hospital is grateful to the Kingston City Laboratories for their good services, rendered gratuitously to the hospital.

The cost of up-keep of the present plant is too great to be economical and the outlook is that this cost will be increasingly great if a new hospital is not built. The frame work of the building is in a bad condition. The outside is badly in need of paint. The plumbing must be overhauled if it is to be longer used. The pump that supplies water to the institution is out of repair and must be replaced before long. The sewerage disposal is only temporarily taken care of by a septic tank. Screens and panes of glass must be repaired. Some of the shacks are so dilapidated that they must be abandoned. The road leading to the hospital is in a bad condition. In short, it would be more economical to abandon the present plant and build a new one than to try to repair the present inadequate buildings.

Public interest in the hospital has continued and citizens of the County have been very kind in donations and in various gifts for the comfort and pleasure of the patients. But, due to the inadequate facilities, the hospital has lost to some extent that confidence of the public which would enable it to fulfill its function in combatting tuberculosis.

As it now stands the County is not getting an adequate return for the money expended. The control of tuberculosis demands the early diagnosis of the condition and the prompt treatment of early cases. We do not have the facilities for early diagnosis and the early cases do not apply for admission.

There are no accurate statistics as to the tuberculosis situation in this County, but impression is that it is very bad. There are all too many cases. The County tuberculosis nurse has one hundred and twenty patients in the City of Kingston on her list and two hundred and forty in the County. In all probabilities this does not by any means include all the cases of tuberculosis in this County.

Theoretically there should be a ratio of one bed for tuberculosis for every annual death, and according to this ratio Ulster County has the unenviable position of being the worst off in the State. There were one hundred andnineteen deaths, while the County only has twenty-one beds. In all probabilities there will be over one hundred deaths from tuberculosis in Ulster County in the next year and certainly many of these could have been avoided by proper facilities for handling the tuberculosis situation. In all probabilities there are from five to ten active cases of tuberculosis for every death per annum in a community. Figuring according to the lowest estimate, there are about six hundred active cases of tuberculosis in this County.

Due to the inadequacies of the present situation, it is strenuously urged that a new hospital be built as soon as possible so that this County can assume its great humanitarian responsibilities for the care of its tubercular sick.

But the present work must be carried on until the new hospital can be built. And for this it is requested that an appropriation of $18,000 be made for the fiscal year 1927-28.

Dated, November 1, 1927.

Respectfully submitted,

RAYMOND S. CRISPELL, M. D.,
Medical Superintendent, Ulster
County Tuberculosis Hospital.

REPORT OF WORK IN THE CHILDREN'S COURT ULSTER COUNTY FOR 1926-1927.

Kingston, N. Y., December 9, 1927.

To the Board of Supervisors of Ulster County.

Gentlemen:

Pursuant to statute, I beg to transmit the following as my report of the activities of the Children's Court of Ulster County for the period from December 1st, 1926, to December 1st, 1927.

The policy of the Children's Court Act precludes the consideration of charges of delinquency to protective need of children under sixteen in public hearings, in order that these children should not in later life be handicapped by public knowledge of their offenses or home conditions; and as a matter of fact the very great majority of the boys and girls brought into this Court do, eventually, become good citizens.

Cases coming before the Court fall within two classes: The so-called formal cases, those in which the child is brought in under summons or warrant; and the so-called informal cases, in which the matter is disposed of by informal conferences, by letter or telephone warnings.

The statistics of the year's work is as follows:

Formal Cases.

In this class are considered only those cases in which a formal petition has been presented to the Court, a hearing had and an adjudication made. There were seventy-four such cases involving one hundred thirty-nine children and eight adults. Of such children there were ninety-seven boys and forty-two girls. The adults were all men against whom petitions had been filed to compel them to support illegitimate children.

Of the ninety-seven boys above-named, eighty-one were juvenile delinquents and sixteen were neglected children, the charges being set forth as follows:

Delinquent Boys. Charge	No of Boys	Total
Stealing	11	
Truancy	[illegible]	
Ungovernable and beyond parental control	7	
Act of carelessness or mischief	28	
Injury to person	1	
Unlawful entry	25	
Incendiarism	1	
Violation of City Ordinance	3	
Violation of Parol	1	
Running away from home	1	
		81

Neglected Boys. Charge	No of Boys	Total
Abuse and cruel treatment	1	
Improper home conditions	9	
Insufficient parental care	3	
Financial need	2	
Question of custody	1	16
Total cases involving boys		97

Of the forty-two girls above mentioned, eleven were juvenile delinquents and thirty-one were neglected children, the charges being set forth as follows:

Delinquent Girls. **Charge**	**No of Girls**	**Total**
Ungovernable and beyond parental control	3	
Act of carelessness or mischief	1	
Truancy	1	
Moral delinquency	6	
		11

Neglected Girls. **Charge**	**No of Girls**	**Total**
Abuse and cruel treatment	4	
Improper home conditions	13	
Financial need	2	
Insufficient parental care	10	
Question of custody	2	31
Total girls involved		42
Total boys involved		97
Total children		139

The analysis of the judgment of this Court in the above-mentioned cases is as follows:

Disposition of Formal Cases. **Judgment**	**Number of** **Boys**	 **Girls**
Continued indefinitely	2	2
Restitution or reparation ordered	9	2
Fine imposed	1	
Placed on probation	27	5
Committed to County or City Board	3	6
Committed to private child placing agency	2	
Committed to County or City Institution for dependent children	3	4
Committed to private institution for dependent children	5	1
Committed to State institutions for delinquent children	14	7
Committed to institutions for physically handicapped children		2
Committed to other institutions; Children's Village	1	
Child returned home	17	13

Other Dispositions.

Discharged with a warning	9	
Dismissed	4	
Totals	97	42

Informal Cases.

In addition to the above described cases there have been a number of cases disposed of during the year, where no formal petition, hearing or adjudication was made and where the matter was adjusted by informal conferences or by correspondence. These cases were seventy-three in number and arose most frequently from mischief, children annoying older people, and the use of improper language; as well as abuse, attack and annoyance of other children. In the more serious cases of this type, a record is kept for future reference and to guide the Court in the disposal of a further complaint against the child.

Respectfully submitted,

JOSEPH M. FOWLER,
Judge of the Children's Court
of Ulster County.

JMF:JEC.

REPORT OF COUNTY PROBATION OFFICER.

Kingston, N. Y., December 7, 1927.

To the Board of Supervisors of Ulster County, Kingston, N. Y.

Gentlemen:

I herewith transmit report of Robert J. Service, County Probation Officer, whose services have been of exceptional value in County and Children's Court.

JOSEPH M. FOWLER,
County Judge and Judge of
the Children's Court.

JMF:JEC.

November 30, 1927.

Hon. Joseph M. Fowler, Judge,
Children's and County Courts,
Ulster County, N. Y.

My dear Judge Fowler:

The past year has been the most interesting period we have yet had since the Children's Court was established in this County. There is a steady increase in the number of parents who consult your probation department on the question of the conduct, both public and private, of their children. Many teachers in the County have asked advice in difficult behavior cases. This work of caring for the case before it gets difficult enough to bring into Children's Court is an important part of the work and it will increase as people come to understand that we are ready to help them with advice, and in many cases with some oversight, in regard to difficult behavior cases of their boys and girls. One of the encouraging signs of progress is the better co-operation of parents in our Court cases.

The fact that you do not set a definite date when probation shall end has a good effect. Probationers have come to learn that they must continue under the direct supervision of the Court until they show that they can care for themselves and at the same time respect the rights of others without further checking up, before their release will be considered. The fact that the few who have failed to correct their bad habits have been returned to Court and sent to institutions has had a good effect on our border line cases.

The youth who absconded from the jurisdiction of this Court two years ago, and who voluntarily returned to us, and later earned his discharge, is still doing well and gives promise of continuing as a good citizen. A jail sentence, urged by many when he was first brought into Court, would in all probability have made a hardened criminal out of him by this time.

Judge George C. Appell of the Westchester County Children's Court in an interview stated: "It is the juvenile whom we must study if we would nip criminals in the bud and overcome their anti-social viewpoint."

I am especially thankful for the support of the Court and also for the splendid co-operation and the mighty efficient work done for us by the Kingston Police Department, the Sheriff's Office, and the State Police, also for the co-operation of the clergy, teachers, charitable organizations and Big Brothers whom I have called upon for assistance and also numerous other citizens who have given aid in solving our problems.

There were under supervision last year	39 boys	1 girl
Discharged with improvement	13 boys	
Committed to institutions	3 boys	1 girl

77 home visits were made and $44.00 collected for reparation.

Adult probation deserves but does not get the same popular support as in juvenile cases. In many ways they are more difficult to handle, principally because the adult has formed his habits and it is a case of "teaching an old dog new tricks." It is most interesting to study the causation of the various crimes involved and to work out with the individual the course of action that will tend to correct the cause and bring about a saner social conduct. Most of our adult probationers are doing well at present but there are a few who do not seem to get the idea that we are trying to help them and it may be found necessary to return one or more to the mercy of the Court.

There were under supervision last year	21 men	2 women
Discharged with improvement	6 men	
Absconded from the jurisdiction of the Court	1 man	

Collected for family support	$ 1,013.00
Collected for restitution	72.00

50 home visits were made on probationers. Most of this work is done outside of the regular working hours in order that there may be nothing as far as we are concerned which will give the probationer an excuse to be away from his work.

State Prisons and Reformatories are asking that we supervise to some extent some of their charges who have come to our County. We have had five within the past year. It would be of great assistance to probation officers if the State Department of Correction would see that probation officers received a notice of the time of arrival and the place of residence of every parole case sent within their jurisdiction together with their case history. In many cases we might be of some assistance in aiding the individual in his readjustment to our local conditions.

Probation Officer Children's and
County Courts, Ulster County,
New York.

REPORT OF ROBERT G. GROVES, COUNTY ATTORNEY, ON KINGSTON-PORT EWEN STATE HIGHWAY.

SUPREME COURT—ULSTER COUNTY.

In the Matter of the Application of the Board of Supervisors of the County of Ulster, to acquire land by condemnation for the construction of the Kingston-Port Ewen State Highway, Route 3, Section 8-a, Ulster County, pursuant to the provisions of the Highway Law of the State of New York, being Chapter 25 of the Consolidated Laws and the Acts amendatory thereof and supplemental thereto, and the provisions of the other statutes applicable.

To the Board of Supervisors of the County of Ulster:

Gentlemen: I respectfully report to you in regard to the Application of the Board of Supervisors to acquire land by condemnation for the construction of the Kingston-Port Ewen State Highway, Route 3, Section 8-a, Ulster County, from the Estate of Josiah Hasbrouck, deceased, as follows:

Rollin B. Sanford, William Intemann and Herbert F. Roy were duly appointed Commissioners of Appraisal by the Supreme Court to ascertain the compensation to be made to the Hasbrouck Estate for the taking of certain lands in the Town of Esopus for highway purposes in connection with the approach to the Rondout Creek Bridge. The Commission made a first award of $71,250, for damages sustained by said Estate. This award was appealed by the County to the Appellate Division of the Supreme Court, which reversed the award, sending it back for a new trial before the same Commission. The Appellate Division, in its opinion, laid down the rules to be followed in computing the damages sustained by the said Estate.

The claim was re-tried before the Commission, at which time the County was represented by my predecessor, John W. Eckert, Esq., who has represented the County throughout the whole proceeding, and the Commission has made its second award and report, which was filed in the Ulster County Clerk's Office, on November 18, 1927. In this second report the Commission fixes the sum of $32,000.00 as the amount of compensation payable to the Hasbrouck Estate by the County of Ulster for taking the lands in question.

Annexed hereto and made a part of my report is a copy of the said report of the Commissioners of Appraisal.

In order to proceed properly and to carry out whatever course the Board desires, I at this time ask your Honorable Body to instruct me as to the course to be followed by me as County Attorney in connection with the report which has just been filed in this proceeding.

All of which is respectfully submitted for your consideration.

Dated, November 21, 1927.

ROBERT G. GROVES,
County Attorney.

Deeds for all parcels acquired by this Committee are recorded in the office of the Clerk of Ulster County.

The total amount of Warrants issued by this Committee in payment for Rights of Way, acquired by purchase, was $43,505.00, as hereinbefore set forth.

We find from the books of the County Treasurer, that, in addition to the foregoing amounts so paid out during the year, there is a debit balance of $5,125.75 in the account for the Purchase of Rights of Way, caused by the audits made by the Board of Supervisors during the past year, and by Court Orders in condemnation proceedings for the acquisition of Rights of Way, charged to this account. We recommend that said sum of $5,125.75 be raised to reimburse said account.

Your Committee, therefore recommends that there be assessed and levied upon the taxable property of the County of Ulster the sum of $48,630.75, the same when collected to be paid to the County Treasurer of Ulster County, to be by him placed to the credit of the account for the Purchase of Rights of Way.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON PURCHASE OF HIGHWAY MACHINERY AND EQUIPMENT.

February 2, 1927.

To the Honorable the Board of Supervisors of Ulster County:

Gentlemen: It appearing from a letter addressed to your Board by James F. Loughran, County Superintendent of Highways, that in order to properly remove the obstructions caused by snow from the several main highways in this County with greater efficiency and dispatch and to replace some of the automobile trucks alloted this County by the Federal Government and recently used in Snow Removal, which are, from time to time becoming unsuitable for Snow Removal, we have made a careful investigation of the conditions and believe it to be the interest of the County that additional equipment be given the County Superintendent of Highways.

It appears that he has asked for two additional Linn Tractors and three Walters Snow-Fighters but we believe that due to the lateness of the season, that one of each unit would be sufficient for the present season. We, therefore, have made inquiries as to the type of machines and cost of same and we recommend that one Linn Tractor, 100 Horse-power, costing $7,140 together with a Linn Good Roads Snow Plow, costing $1,560; totaling $8,700, be purchased from the Linn Manufacturing Company; and also for one Walters Snow-Fighter, costing in the neighborhood of $9,400, be purchased from the Universal Road Machinery Company.

Respectfully yours,

J. H. HEATON,
FREDERICK DAVIS,
HARRY H. CLEARWATER,
Committee on Purchase of Highway
Machinery and Equipment.

REPORT OF COMMITTEE ON PURCHASE AND MAINTENANCE OF HIGHWAY MACHINERY AND EQUIPMENT.

To the Board of Supervisors of the County of Ulster:

Gentlemen: We, the undersigned Committee on Purchase and Maintenance of Highway Equipment, do respectfully report as follows:

Pursuant to authority granted by your Honorable Body, your Committee advertised for bids for the construction of a County garage to be erected on the County property situate on Gage Street in the City of Kingston N. Y. Said bids were publicly opened and read on the 6th day of December 1927, at 2 o'clock P. M. pursuant to the notice for the submission of bids. The proposals were in the alternate calling for figures based on concrete block construction or brick.

The Architects, Teller and Halverson, after examination of the bids, have advised your Committee that it is advisable to construct said garage of brick and it will be noted that there is a very slight difference of cost of brick over concrete blocks.

Your Committee would recommend that the contract for the masonry and associated work be awarded to Clarence Van Aken of the City of Kingston, N. Y., for the sum of $21,625.00. This bid being for brick construction.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON COUNTY TREASURER AND SEALER.

To the Board of Supervisors, Kingston, N. Y.:

Gentlemen: We have examined the annual report of Joel Brink as Treasurer of Ulster County for the year beginning November 1st, 1926, and ending October 31st, 1927, and upon comparing the same with the books of the County Treasurer's office we find said report to be correct in every respect. We have also examined the report of the County Treasurer as to the bonded debt of the County and we find same correct, with a total outstanding bonded debt as of November 1st, 1927, of only $111,000.00.

We recommend that the sum of $35,000.00 be raised and appropriated for the Court and Jury Fund for the coming year; that the sum of $1,223.25 be raised and appropriated to pay Ulster County's share of the Employee's Retirement Fund of the State for the year 1927; that the sum of $1,000.00 be raised and appropriated for printing the proceedings of this Board of Supervisors for the year 1927; that the sum of $2,500.00 be raised and appropriated to pay for bounties on bob cats, jack rabbits and foxes; that the sum of $21,080.00 be raised and appropriated to pay County General Fund bonds and interest coming due in 1928, and that the further sum of $15,045.00 be raised and appropriated to pay Highway Bonds and interest coming due in 1928.

The books of the County Treasurer show that he has received the sum of $12,293.18 in receipts from the County Clerk's office and the further sum of $275.50 from the Sheriff for transporting prisoners during the past year and we recommend that these two amounts be transferred to Salary Account of these respective offices to apply on salaries of the Sheriff and the County Clerk and his assistants for the coming year.

The books of the County Treasurer show the following credit balances, which we recommend that he be empowered and directed to transfer to the General Fund:

Court Fines	$ 1,500.00
Carry Revolver Permits	156.50
Returned School Tax Fees	1,164.95
County Clerk's Auto Fees	7,675.60
R. R. School Tax Fees	699.14
Returned Tax Expenses	1,826.99
Marriage License Fees	579.00
General Interest Account	4,342.82
Real Estate Agents Fees	11.50

The books of the County Treasurer show that the following Towns are in arrears to the County Treasurer on account of returned and rejected taxes to the following amounts, and we recommend that the following Towns raise the amounts set opposite their respective names to reimburse the County on account of such unpaid and rejected taxes:

Denning	$ 430.95	Plattekill	$ 36.88
Gardiner	108.21	Rochester	335.01
Hardenbergh	49.89	Saugerties	68.11
Hurley	743.90	Shawangunk	21.23
Town of Kingston	408.04	Ulster	559.33
Lloyd	1,581.93	Wawarsing	146.22
New Paltz	325.88	Woodstock	58.17

We recommend that the sum of $500.00 be raised and appropriated to pay for burial of deceased soldiers, sailors and their widows.

The total receipts of the County Treasurer's office for the past year were just over $2,000,000.00 as compared with total receipts of about $650,000.00 ten years ago and we commend the careful and business like manner in which the affairs of this important office are conducted by the County Treasurer and his assistants.

We have examined the bills presented to us and have audited the same as appears by the annexed abstract, each of said claim being, in the opinion of your Committee, a just and legal charge against the County of Ulster to the amount indicated in the column headed "Allowed," and your Committee recommends that each of said claims be audited and allowed at the amounts as indicated on the abstract hereto annexed and made a part hereof.

Whole amount claimed	$ 311.00
Whole amount allowed	311.00

The books of the County Treasurer show a debit balance in the Snow Removal Fund of $27,635.89, which is due to the purchase of Snow Removal equipment at various times in the past two years for which no appropriation has been made, and your Committee recommends that said sum of $27,635.89 be raised and appropriated by this Board and paid to the County Treasurer to be by him placed to the credit of the Snow Removal Fund.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON SUPERINTENDENT OF THE POOR.

To the Board of Supervisors of Ulster County:

Gentlemen: Your Committee on Accounts of the Superintendent of the Poor of Ulster County reports as follows:

We have examined the accounts and vouchers, and the annual report of Lester L. Sagendorf, Superintendent of the Poor, which were referred to us, for the current year, and have found them correct in every particular, and they are filed herewith and form a part of this report.

Your Committee further reports that they have visited the County Poor House and Farm at different times and, always found the same in each and every department in the best possible condition.

We find that the cost of maintenance to the several Towns for the past year as apportioned by Superintendent Sagendorf was as follows:

Denning	Nothing	Plattekill	$ 187.22
Esopus	$ 243.98	Rochester	181.94
Gardiner	240.90	Rosendale	370.70
Hardenbergh	240.90	Saugerties	542.52
Hurley	169.84	Shandaken	244.86
Kingston, (Town)	62.04	Shawangunk	162.36
Lloyd	234.08	Ulster	281.16
Marbletown	655.16	Wawarsing	715.66
Marlborough	644.40	Woodstock	88.22
New Paltz	443.96	County, outside City	209.66
Olive	8.36		

Total $5,947.92

We recommend that said amounts be assessed and levied upon the taxable property of the several Towns, as above set forth.

We recommend that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, for the ensuing year, the following amounts:

For support of County paupers, upkeep of buildings, salaries at County Farm and Hospital	$ 15,209.66
For repairs and improvements	3,000.00

We find from the Report of the County Superintendent of the Poor that there has been expended during the past year for the care and maintenance of children in the Industrial Home and in Boarding Homes on behalf of the several Towns of the County, and the County at large the following amounts, to-wit:

For the Town of Esopus	$ 417.06

For the Town of Shandaken	417.64
For the Town of Wawarsing	1,105.58
For the County of Ulster	202.12
Total	$ 5,743.73

We, therefore, recommend that the several amounts above set forth be assessed and levied upon the several Towns, and the County outside of the City of Kingston, and paid to the County Treasurer, to be by him placed to the credit of the Superintendent of the Poor Account, to pay bills of the Industrial Home of Kingston, and Boarding Homes, during the coming year.

Your Committee further reports that we have examined all claims and accounts of the various asylums, hospitals, and institutions presented against the County of Ulster, the several Towns and the City of Kingston for the year 1927 and find the amount due such institutions, as appears by the annexed abstract, to be the sum of $7,374.13; that we have examined all other accounts presented against the County of Ulster, the several Towns and the City of Kingston, which are set forth in the annexed abstract; that each of said claims, in the opinion of your Committee, is a just and legal charge against the County of Ulster, the several Towns and the City of Kingston to the amount indicated in the column headed "Allowed," and your Committee, therefore, recommends, that each of said claims be audited at the amounts so indicated on said abstract hereto annexed and made a part hereof.

Which sum of $7,374.13 should be appropriated and levied as follows:

On the Town of Esopus	$ 205.50
On the Town of Gardiner	402.53

Your Committee recommends, that the County Superintendent of the Poor be empowered to contract with the Industrial Home of Kingston, N. Y., for the coming year, and that there be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, the sum of $256.27 to pay bills for the ensuing year presented by the Industrial Home of Kingston, N. Y., pursuant to contract, and to pay bills of boarding homes, which amount, together with the amounts hereinbefore assessed upon the various Towns and the County, will be sufficient for the purpose; that the sum of $7,374.13 be assessed and levied upon the taxable property of the County of Ulster, the City of Kingston, and the various Towns set forth, for the payment of bills set forth in abstract hereto annexed; that the said sum of $5,738.26 be assessed and levied upon the taxable property of the various Towns of the County in accordance with the apportionment hereinbefore set forth for the cost of maintenance of the paupers of the several Towns; and that the sum of $18,209.66 be assessed and levied upon the taxable property of the County of Ulster, outside of the City of Kingston, for the maintenance of the County Poor House and Farm..

4. Claims to be audited at sessions of this Board prior to the next ensuing annual session, claims to be audited by the Superintendent of the Poor, certificates of the County Clerk and other officers of the courts, and other current expenses to be paid prior to the next ensuing tax levy. The amount specified for each of these purposes is based upon an estimate of a County officer, modified and recommended by the Committee of this Board in direct charge of such department, subject to such adjustment as seems necessary and advisable to this Committee.

5. Amounts to become due under contracts executed in behalf of this County.

6. The amount required by law to be paid by this County for the State Highway Sinking Fund, for the retirement of State bonds issued for construction of County Highways of this County and for the interest on the bonds so issued.

7. County indebtedness maturing and interest payable as shown by the reports of the County Clerk and County Treasurer.

8. Appropriations by this Board for other specific purposes and estimated amounts not included above and required by unforseen contingencies.

Your Committee further reports that from the report of the County Treasurer, the receipts of the previous year and other information available, it estimates that the amounts indicated will be available from various sources specified to the expenditures for the above purposes and such amounts are deducted from the estimated amounts required in fixing the amounts to be raised for each fund by tax levy.

NEW PALTZ.

Settled in the year 1677. Twelve persons purchased of the Esopus Indians a tract of land twelve miles square, for which they obtained a patent during the administration of Governor Andros. These persons were the Twelve Patentees, and they and their successors in office, duly elected by their descendants exercised the functions of officials in all public matters until about the year 1751. These officials were sometimes called "The Dazine," or "Twelve Men," and were annually elected for a long period after the first regular election of town officers. The original patentees were Lewis DuBois, Christian Deyo, Abraham Hasbroucq, Andries Lefever, Jean Brocq, Pierie Deyo, Lawrence Beverie, Anthony Crespel, Abraham DuBois, Hugo Frere, Isaac DuBois and Simon Lefever. The first record of the election of town officers dates in the year 1751. A part of Hurley was annexed February 2, 1809.
